Program Description

The Winn Correctional Center, a privately managed state correctional institution, is operated by the Corrections Corporation of America (CCA). The Department of Public Safety and Corrections, Corrections Services pays a per diem to CCA for the care of its inmates in this facility.

The mission of the Purchase of Correctional Services Program is to provide sufficient resources and accountability for funds required for administration of the contract with the private provider.

The goals of the Purchase of Correctional Services Program are:

1. Maximize public safety through appropriate and effective correctional, custodial, and supervisory programs.
2. Provide for the safety of the correctional staff and inmates by maintaining an organized and disciplined system of operations that promotes stability in the institution.
3. Provide the maximum available bed space allowable by the State Fire Marshal, the Department of Health and Hospitals, American Correctional Association requirements, budgeted resources, and good correctional practices.
4. Increase the probability of inmates being successful when reintegrated into society by providing literacy, academic, and vocational educational programs, and religious guidance programs for those who demonstrate motivation for change and the desire to participate.
5. Provide benefits to the state and local governments by requiring all able-bodied inmates to participate in work programs and on-the-job training.
6. Assure that the health of all inmates is adequately evaluated and that the proper and effective treatment is provided as needed in order to maintain their health and allow for participation in institutional programs to the extent possible.
